for School Governors

Clerks to the Governing Body**

ACADEMIC YEAR 2026/27

Dear Governor,

I have pleasure in providing you with a copy of the 2026/27 Governor training programme. The programme provides for a variety of training sessions giving you the opportunity to select your choice of event and plan your diary accordingly. We have a number of new sessions this year which we hope you will find of interest; these have been indicated accordingly. We will also look to bring you further training opportunities throughout the year.

Please note that, once again this year, training will be carried out virtually via Teams and face to face in Neath Civic Centre and Baglan Education & Training Centre; we will also be offering several sessions as hybrid. It continues to be essential that you book onto any course you wish to attend in order that we can ensure as many training sessions go ahead as planned. Also please be aware that if, for any reason, it is necessary to cancel a course we only notify those governors who have booked.

Please note that where the number of bookings for courses are below 8 in number then the session will be cancelled. It is, therefore, more important than ever to pre-book your place in advance. Governors are politely asked that should you need to cancel your booking please do so by emailing governors@npt.gov.uk or cancelling your booking directly via Eventbrite, as some courses have an upper attendance limit and could become oversubscribed. By notifying us of your need to cancel your place can then be offered to someone else.

Finally, thank you once again for being a governor in Neath Port Talbot and the dedication and commitment you provide to your school.

Yours sincerely,

Handwritten signatures of Kathryn E. Gilbert and Catherine Jones in blue ink. The signature 'K.E. Gilbert' is on the left, and 'Catherine Jones' is on the right, separated by a small dot.

Principal Schools Governance Officers**

How to make a booking

All training sessions now have a link to book your place via Eventbrite. Just click on the link on the page or copy the link and paste it into your internet browser and it will take you to the page for that training session. Registration will remain open until 48 hours before; however, in order to allow trainers time to set up each session, please book your place in good time before the session takes place. Once registered, you will be sent an email invite to the Teams training/ face to face training - ***please ensure that the email address you provide when registering is correct, as this is the address that the Teams invite will be sent to.***

The session will develop your confidence to enable you to take a full and active part in the role of the governing body. The training will reflect the legislative framework for school governance in Wales and will focus on what should be expected from governors in meeting their legal requirements. Since the implementation of mandatory training by the Welsh Government, all Chairs are required to attend this training session within six months of being elected to the role. Governors who have already attended since first being elected as Chair are not required to attend again.

The session focuses on leadership and maintaining effective relationships with key partners such as the headteacher, clerk to governing body and the local authority. It will also equip Chairs of governors with the necessary skills to run an efficient and effective governing body and to work with, and provide challenge to, headteachers to raise standards.

Aspiring Chairs of governors or Vice-Chairs of governors are able to complete the mandatory Chair training if they wish. If you become a Chair within two years of attending the training, you will not be required to attend again.

Target Audience: Newly elected and aspiring chair of governors.

CLERK TO THE GOVERNING BODY –TRAINING FOR NEW CLERKS (Repeat Event)

The clerk to a governing body has a vital role to play in the running of a school as through his/her organisational skills a clerk can help governors have a meaningful input into the school's improvement.

This session considers the make-up of governing bodies and their powers, and the statutory duties of the clerk. REDUNDANCY HANDLING (Repeat event)

Governors will receive a definition of redundancy, an overview of its implications for schools, and an explanation of the wider responsibilities of the Governing Body and Local Authority in relation to the school redundancy process.

The course is designed to help governors understand the redundancy process through a range of challenging real-life scenarios experienced by HR Officers in schools over recent years.

Any redundancy proposals that directly or indirectly affect employees must be handled fairly and sensitively. The importance of pre-planning, careful preparation and a structured approach to the redundancy process is crucial. A clear well thought out plan will help to both clarify and communicate the need for redundancies and also ensure a fair and meaningful consultation process. It is important to acknowledge how employees are affected by the redundancy process whilst also maintaining their motivation and performance. Effective planning and preparation are therefore essential to anticipate and manage the uncertainty, confusion and concern that can arise when redundancy is proposed.

The aim and purpose of this session is to give practical advice and support to governors when managing the difficult process of dealing with staff redundancies.

Target Audience: This training will be of benefit to governors with a role on both the Staffing Disciplinary Dismissal Committee and the Staffing Disciplinary Dismissal Appeals Committee. Headteachers are also welcome to attend this event.

CURRICULUM FOR WALES (repeat event)

In February 2015 Welsh Government published the findings of Professor Graham Donaldson. His report, 'Successful futures' is a comprehensive, independent review of the curriculum and assessment arrangements in Wales.

His report also identifies the shortcomings of the current curriculum arrangements, which essentially remain as devised in 1988, a world before the World Wide Web and the advances in technology and globalisation that affect the way we live and work today. His report argues that the curriculum has become overloaded, complicated and, in parts, outdated.

The report identifies 4 purposes for the curriculum. It recommends that the entirety of the school curriculum should be designed to help all children and young people to become:

- ambitious, capable learners, ready to learn throughout their lives
- enterprising, creative contributors, ready to play a full part in life and work
- ethical, informed citizens of Wales and the world, ready to be citizens of Wales and the world
- healthy, confident individuals, ready to lead fulfilling lives as valued members of society.

Professor Donaldson's recommendations mark a radical departure from the curriculum of the last century.

The course will explain in more detail the four purposes and the areas of learning and experience as well as what the implications are likely to be for schools in NPT.

Target Audience: All governors.

SCHOOL DEVELOPMENT PLAN (Repeat event)

From 1st September 2015 it became a legal requirement for all schools to have in place and publish a School Development Plan.

The School Development Plan is the school's strategic plan for improvement. It sets out the actions a school will take to improve learner outcomes. A School Development Plan will be informed by the regular self-evaluation a school undertakes of its own performance, and contextual data, and will contain the school's improvement priorities together with the short and longer-term targets.

Estyn inspectors will use the School Development Plan, school's self-evaluation report and other information to identify and formulate lines of enquiry during an inspection. This essential information will assist the inspection team to choose evidence to sample in order to verify the accuracy of the school's judgements.

This session will outline to governors what the main aspects of a School Development Plan are, what areas should be included, and the timescale involved.

MANAGING SCHOOL COMPLAINTS (Repeat event)

All schools have a statutory duty to have a complaints procedure in place which must be published and available to parents, pupils, staff and governors. The vast majority of concerns and complaints are dealt with by schools immediately, satisfactorily, and through informal discussions by the class/subject teacher or a more senior member of staff of the school. However, there are occasions where complaints are escalated or are required to be dealt with in a more formal manner.

This session will look at the roles and responsibilities of both the headteacher and governing body when handling both 'informal' and 'formal' complaints from parents and other members of the community. The session will also look at effective practice in the various stages of the procedure to ensure that complaints are handled appropriately in order that they are resolved satisfactorily.
